

AP Biology Review Plan – Turn in one per group

1. Meet with your study group to make a plan by March 27th and turn in your proposed review calendar by April 1st
2. Groups should be no more than 4 students (unless approved at beginning of the year.
3. You need to meet for a minimum of one hour per week, I recommend 2-3 hours together though so you are prepared to present the review questions in class.

Group Member - First and Last Name	Period

Study Calendar: Please indicate your group study hours here and make a commitment to meet together and study together! You will have a log sheet that needs to be signed by a parent or by me if you meet in my room.

23 Practice Exam! 9-12:30	24 Question 13 – 16	25	26 BLOCK	27 BLOCK	28	29
May- 30 Question 17	1	2	3	4	5	6
7	8 AP Biology Exam					

If you cannot find time to meet together you need to find another group. This is about finding people who you can study with. Consider your activities and work schedule before you decide on a group. It might be a good idea to create a master calendar for yourself with important dates and times you know you will not be able to meet.
